

Orchestrated Events Vendor Directory

FEBRUARY 2023

The purpose of Orchestrated Events is to provide a wedding and event planning business that empowers its vendor members and creates happy memories for their clients. The owners of Orchestrated Events: A Vendor Collective value integrity in the day-to-day, honesty in business, excellence in execution, focus on the important, and a remembering that people, family, and beauty take precedence over “the small stuff.”

To that end, we provide you with the following excellent vendors, in three different categories! Browse our symphony of VIPS, General Admission, and Balcony members.

Thank you, for considering our “orchestra.”
